

Count with the Critters!

A Wildhaven Book of Numbers, Colors & Shapes

S. J. Tang

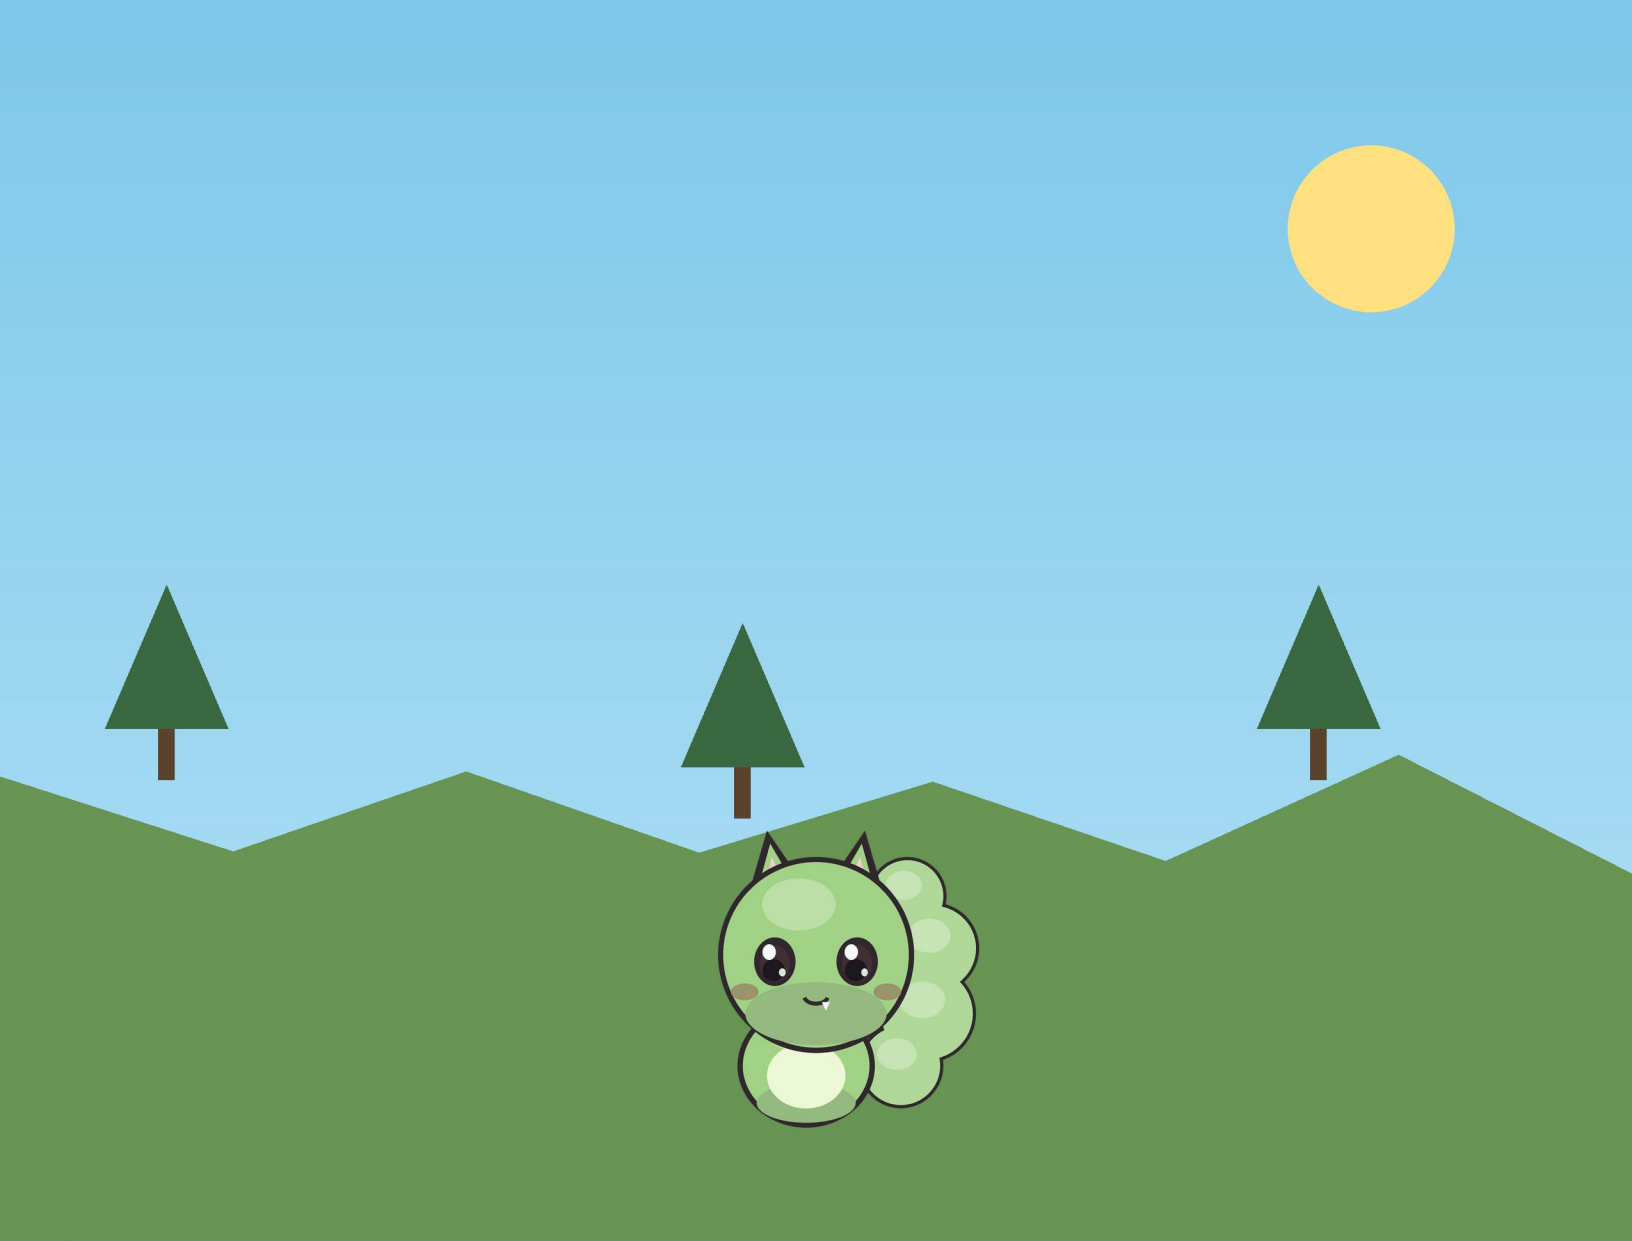

This counting book belongs to

who is learning to count — hooray!

The gates are open! Come on in —
the Wildhaven counting games begin!
Point to each critter, count out loud...

1

ONE

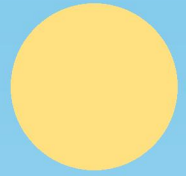

ONE little Flufftail hops out to play —
the very first friend of the day!

2

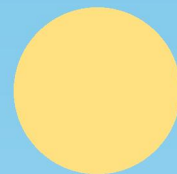

TWO

TWO sleepy Pebblits sunbathe on stones,
humming their pebbly morning tones.

3

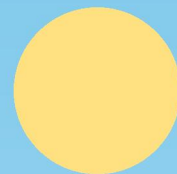

THREE

THREE splashy Aquaphins dive and spin,
making the pond go ripple-and-grin.

4

FOUR

FOUR bouncy Bubbletides blow bubbles that POP!
One lands on a nose and won't come off!

5

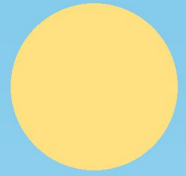

FIVE

FIVE cozy Emberlings glow in a row,
warming the evening with soft little glow.

6

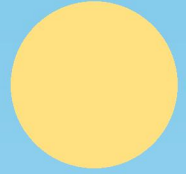

SIX

SIX zoomy Cinderpups race down the trail,
sparks of joy from nose to tail!

7

SEVEN

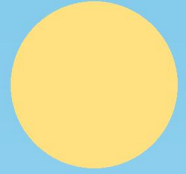

SEVEN slow Mossbacks march in a line —
the slowest parade, and they're doing just fine.

8

EIGHT

EIGHT breezy Zephyrixes loop through the sky,
playing tag with the clouds going by.

9

NINE

NINE shiny Glimmerwings sprinkle the night,
dusting the park with sparkle-light.

10

TEN

TEN friends together — the whole crew!
(Rare Nocturnix is counting with you!)

From ONE to TEN, you counted them all!
Now once more — can you count them
with no help at all?

GREEN

GREEN is Flufftail, green is the tree,
green as the meadow, wild and free!

BLUE

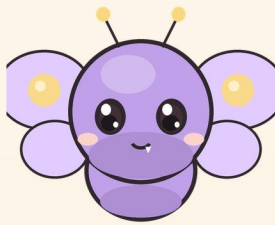

BLUE is Aquaphin, blue is the pool,
blue as a bubble, shiny and cool!

ORANGE

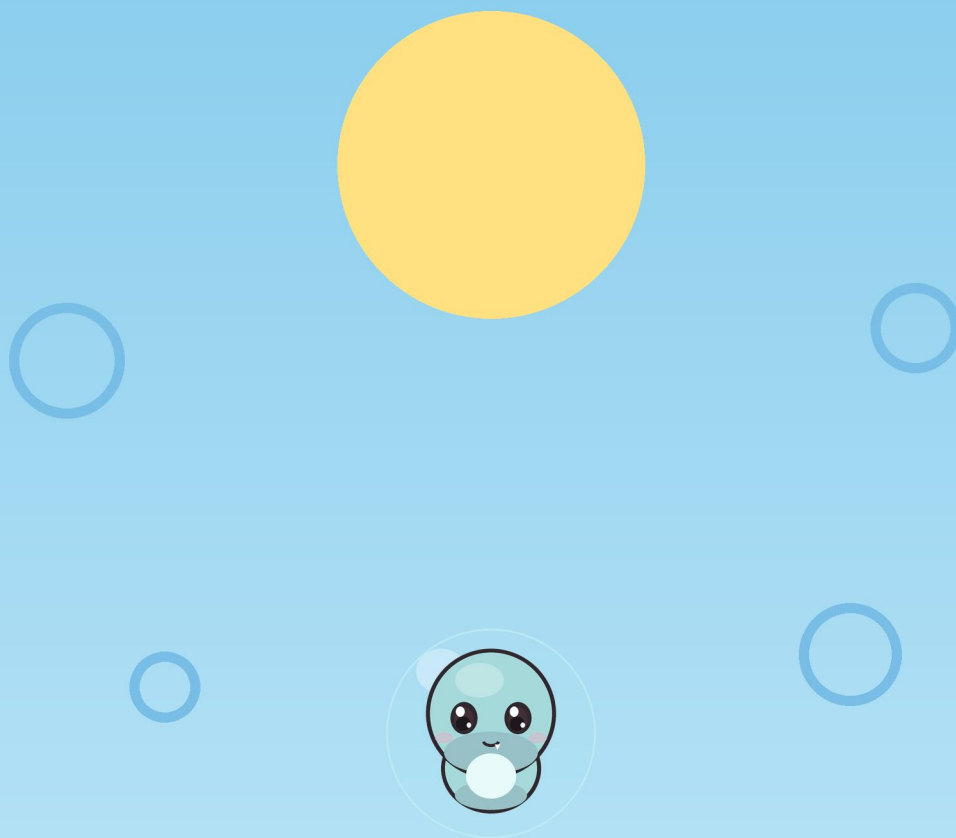

ORANGE is Emberling's cozy glow,
orange as sparks where Cinderpups go!

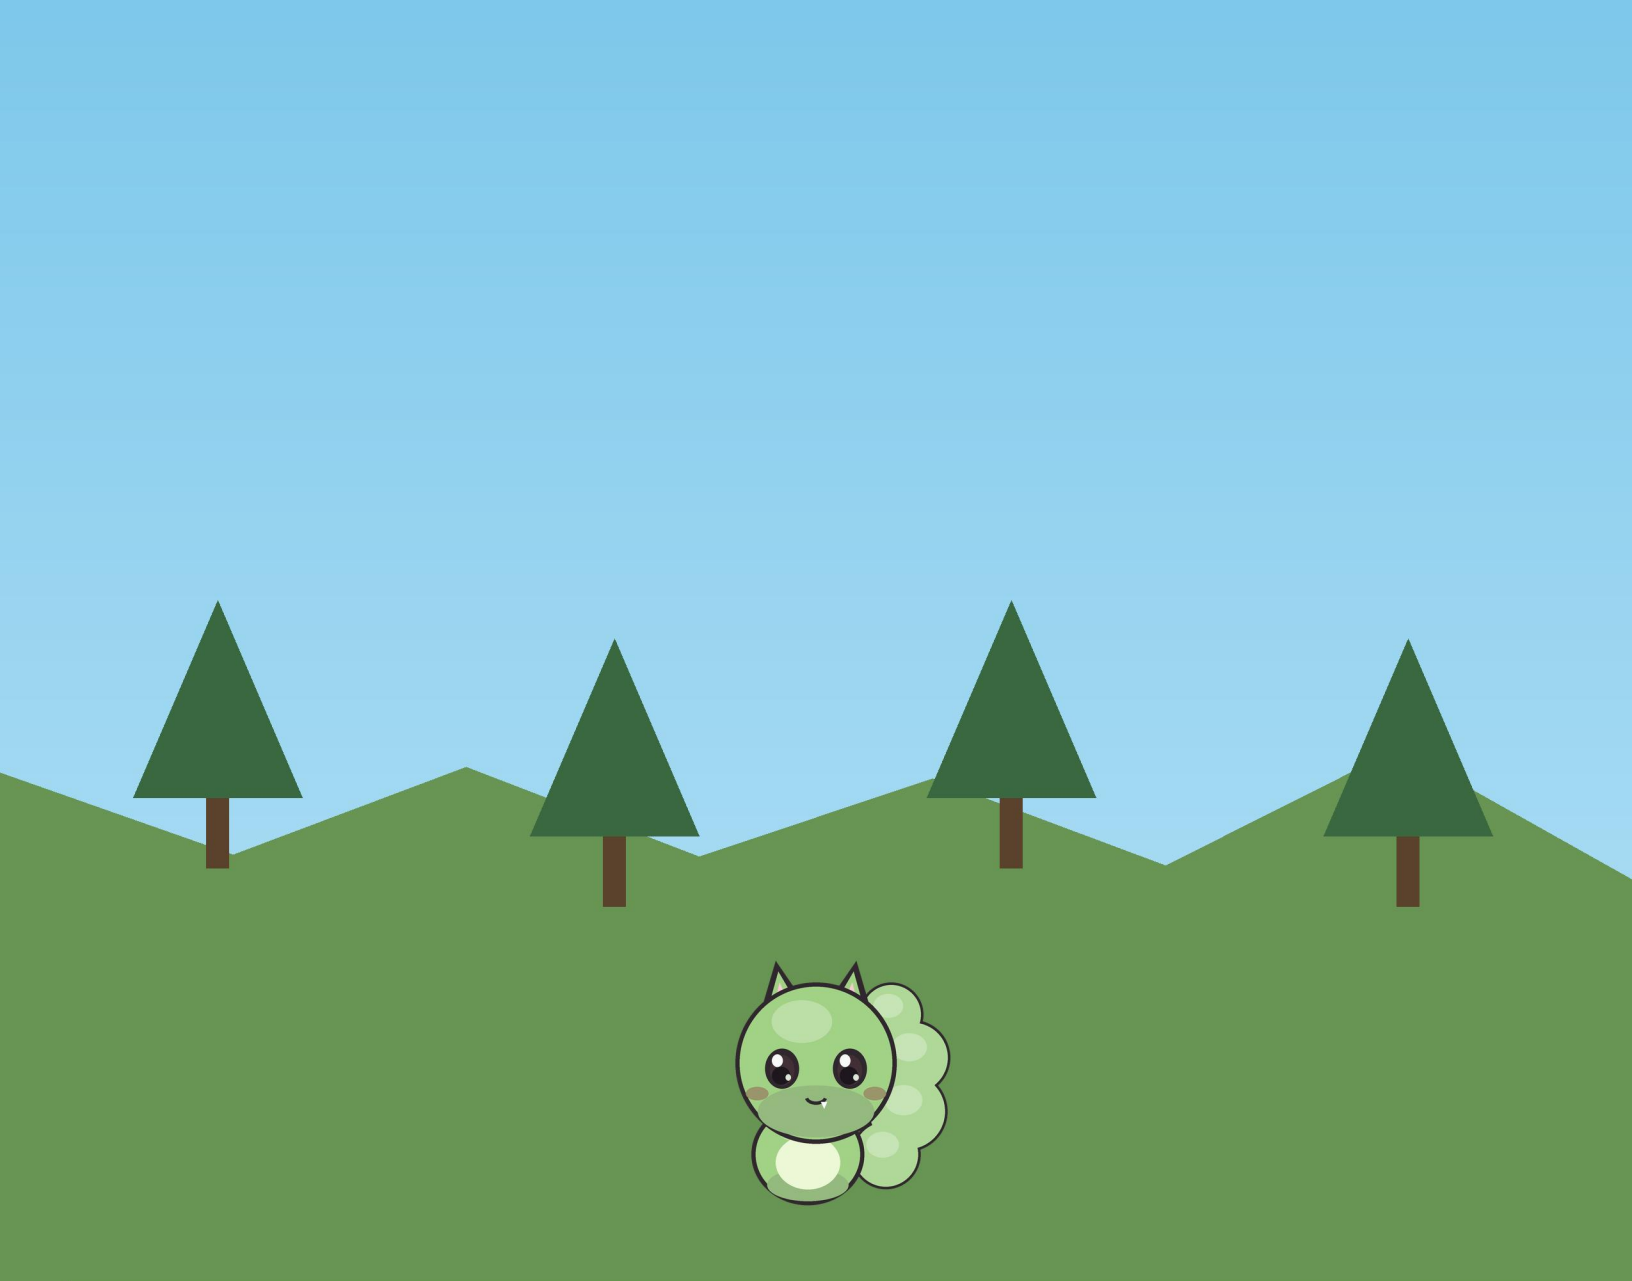

PURPLE

PURPLE is Glimmerwing, dusted with light,
purple as dreams in the middle of night!

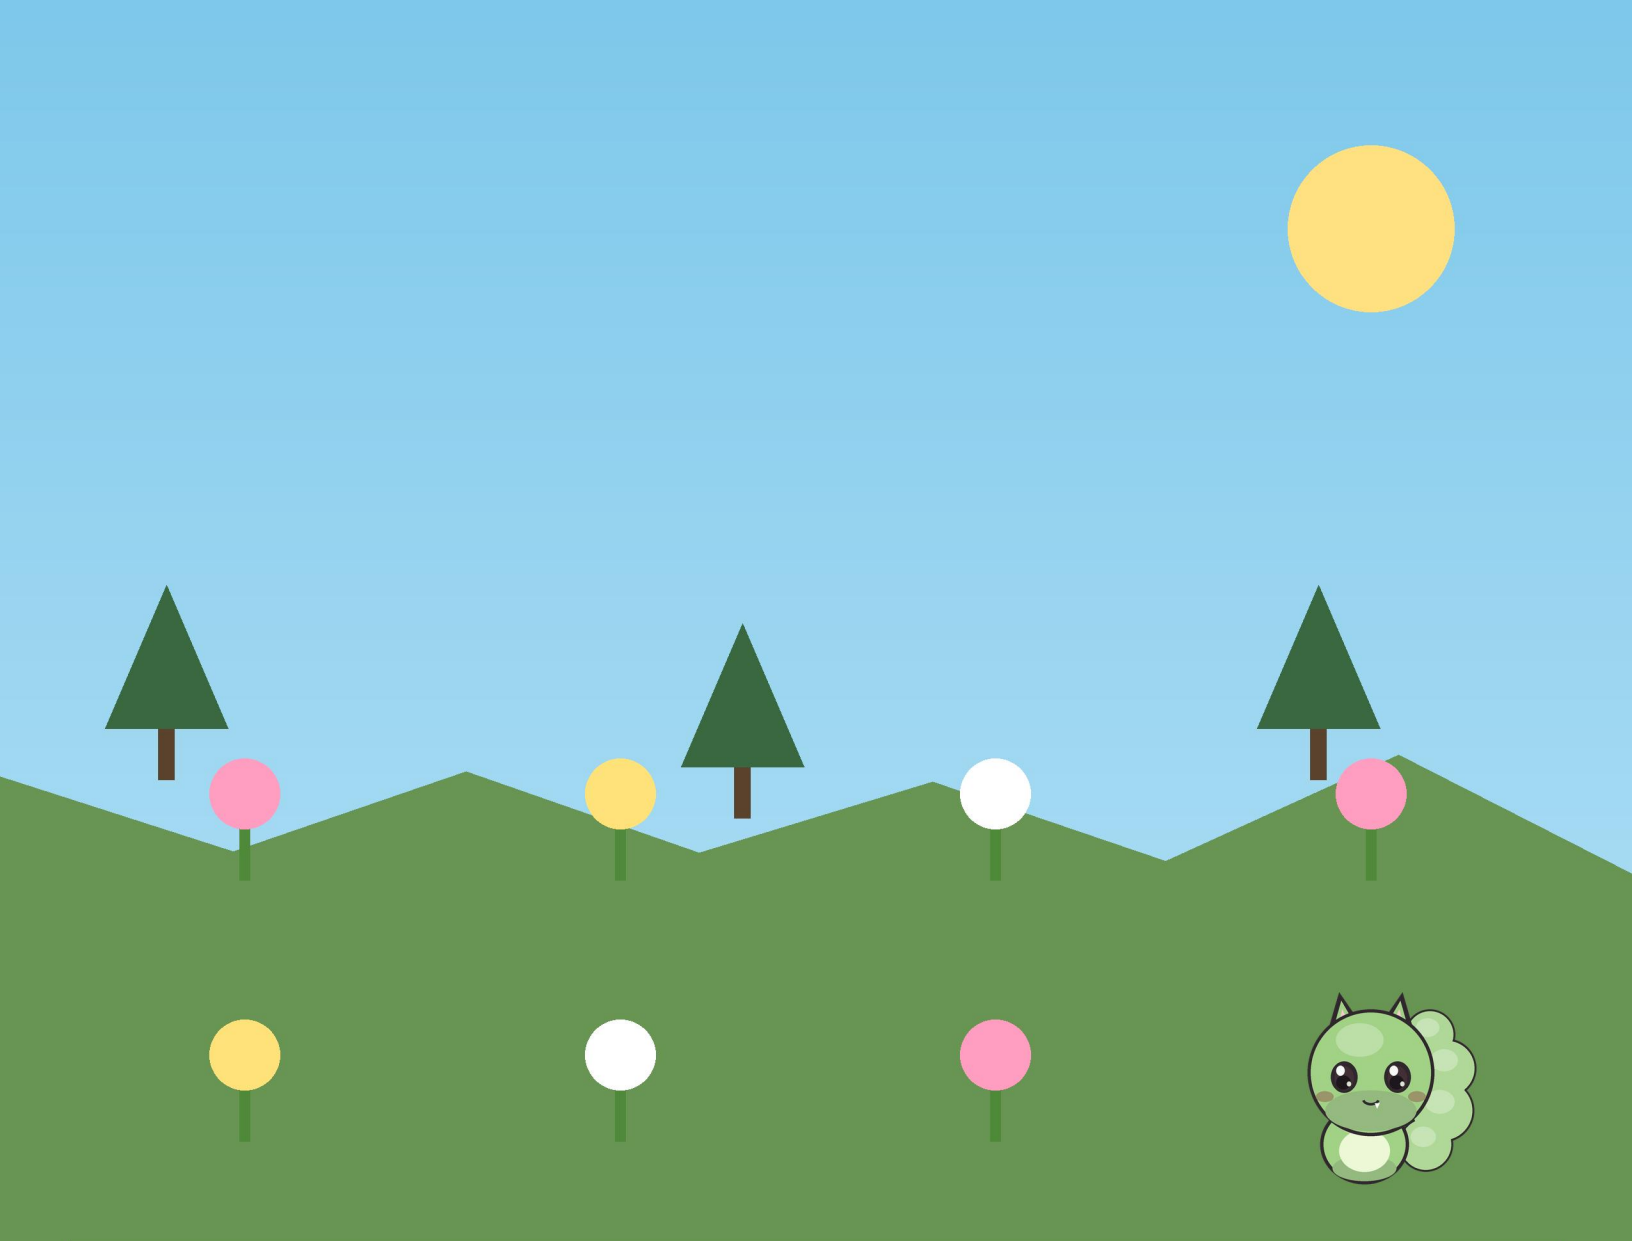

A CIRCLE is round like the sun up high,
round as the bubbles floating by!

A TRIANGLE has three pointy sides —
like trees! Like ears! Like mountain rides!

A STAR has points that twinkle bright —
Nocturnix counts them every night!

Flufftail planted flowers — what a show!
How many flowers? Count them slow!
(Did you find all SEVEN? Well done!)

Which side has MORE?

THREE Pebblits or FIVE Aquaphins?
Point to the side with more friends!

HOORAY!

can count from 1 to 10
with all ten friends of Wildhaven!
